Dedication

to our classmate and friend...

Geoffrey Walter

Geoffrey A. Walter was, and always will be, a beloved member of the Class of 2009. Whether it was on the baseball field, in the classroom, or in the neighborhood, he made an impact on the lives of everyone around him. Geoffrey was an avid baseball fan and player who longed to become a professional in the major leagues. He also excelled in the classroom; who could forget his love for the American Revolution? He showed his interest by taking on the persona of Paul Revere and teaching the class a little history lesson every year. On the playground Geoffrey displayed maturity beyond his years in with the utmost sportsmanship and kindness to his friends and peers.

Geoffrey's future was among the brightest, and his teachers and friends all knew so. However, on September 9, 2001, Geoffrey's life was taken, but his spirit lives on through all of us. Geoffrey taught us all that, through perseverance and optimism, we can achieve anything. His dedication and great attitude gained him the respect of everyone he met. And, by example, he showed us how we should treat others. Whether one knew him for three years or just three days, Geoffrey Walter was truly an inspirational friend to all, and will never be forgotten.

To the Class of 2009,

I am proud to have been your principal during this whole amazing journey. You will be remembered at Wakefield High School as a class act in so many respects. It has been a sincere pleasure to get to know so many of you through your achievements and activities. For others whom I may have met while our paths crossed in times of trouble, I recognize that it is not always so easy to navigate these years of change and choices. Rest assured; the best is yet to come. In the end, I sincerely hope you are leaving the nest a bit further down the path of life than you were four years ago. I hope your growth will assist you in realizing your dreams. I wish you the very best in that quest. May you remember all of us at WHS who continue to believe in your potential!

Sincerely,

Elinor Freedman

Class of 2009

To the Class of 2009,
These past four years have been like a rollercoaster. As freshman, we were preparing for the ride, anxiously waiting in line. As time rolled on, sophomore year came around with all of its twists and turns in sight. Junior year was the seemingly never-ending climb to reach the top the beginning of our senior year. We threw our hands up to enjoy the ride, not realizing how quickly time would fly by. A ride like this makes you realize what you can accomplish when you put yourself in that seat. As we leave this rollercoaster ride called high school, we are walking towards the many rides we have ahead. With our friends and families at our side, we are looking on to the most exciting part of the adventure: the rest of our lives.
Congratulations, Class of 2009!
Love,
Your Class Officers

In memory of Priscilla Durkin

February 10, 1944 - January 1, 2009

Classics teacher , world-traveler, life-long learner, friend.

*Forsan et haec olim meminisse iuvabit. * The Aeneid*

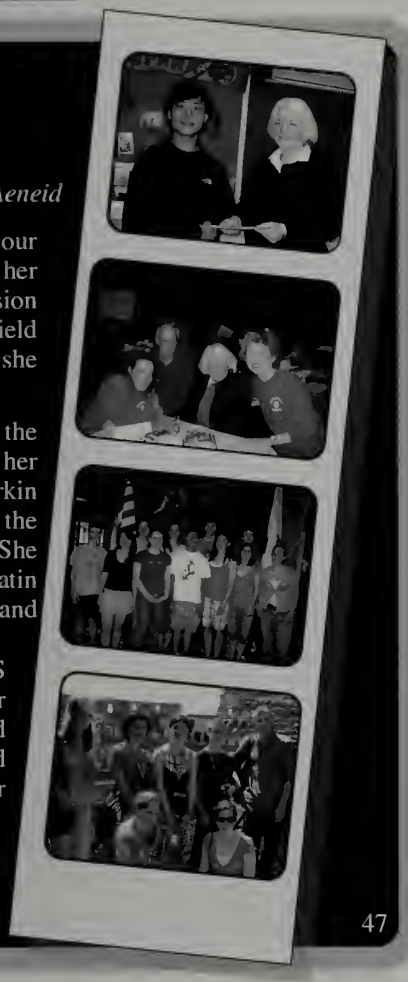

Wakefield High School lost a valued member of our faculty as Latin teacher Ms. Priscilla Durkin lost her battle with cancer. Ms. Durkin was raised in Mission Hill and Melrose but she had strong ties to Wakefield as her father'usiness was on Del Carmine Street and she attended and graduated from Nazareth Academy.

She received her BA from Newton College of the Sacred Heart, now a part of Boston College, and her MA in classics from Harvard University. Ms. Durkin pursued additional studies in classics at Harvard, the American Academy in Rome and Yale University. She spent most of her teaching career at Boston Latin School, but she also taught at Milton Academy and Boston Latin Academy.

After her retirement she joined the staff at WHS and quickly became a respected member of our community. Priscilla often said she considered Wakefield High a "hidden gem" and she considered herself lucky to be working here at the end of her teaching career.

We at Wakefield High School were lucky to have Priscilla with us these last several years and we are better for having known her.

A joy it will be one day, perhaps, to remember even this.

Patrick Gannon was a 1986 graduate of W.H.S. and 24 year manager/scorekeeper for the Boys Basketball Team. He was also a member of the W.H.S. Athletic Hall of Fame as a "contributor," an honor bestowed on him for his longtime loyalty and committment to the boys basketball team. Sadly, this past fall Patrick lost his life-long battle with cystic fibrosis and died in October. In order to honor his memory, the members of this year's varsity team dedicated the season to Patrick Gannon.

In memory of Kate Toohey

This year, Wakefield Memorial High School suffered a terrible loss of one of our most beloved teachers, Ms. Kate Toohey. After two long and hard fought years, Ms. Toohey lost her battle with ALS, also known as Lou Gehrigs Disease.

Ms. Toohey had a life-long passion for learning. In addition to getting her law degree from New England Law School, she attended University of Massachusetts Boston where she achieved a Master's degree in Education, as well as achieving a Master's degree in Taxation from Boston University. After pursuing each of these degrees in the work force, Ms. Toohey realized she was happiest teaching others. Her unforgettable journey at WHS began in 2002 and lasted for six years until she could no longer teach, due to complications of the disease. Throughout her six years as a math teacher at WHS, Ms. Toohey managed to reach out to everyone with whom she came in contact. She was always looking to make people's days better by bringing some laughter to their lives, which she often accomplished, most times by accident!

Ms. Toohey's passion for life and her positive spirit touched us all. She was always energetic and had a story to share for just about any subject. She went out of her way to make her students comfortable and provide an environment that was suitable for all types of learning.

Ms. Toohey's students have learned and gained so much from being in her classroom. The lessons her students learned were so much more than just Math lessons. She taught her students to be courageous, strong willed people. Ms. Toohey was an inspiration to both her students and colleagues. We will be eternally grateful to have known her. Ms. Toohey's memory will be dearly kept in our hearts forever.

Take a "bow"! You have successfully "danced" your way through high school and what's on "tap" next is totally up to you. Whatever your next "step" may be, don't be afraid to "jazz" it up, put a different "spin" on things, or just "kick" back once in a while.

Always remember, we are proud of your "performance".

All our love, Dad, Mom and Kevin

Colby McCauley

Colbs - "Listen to Me"...
Remember when you were little and you said that all the time because you could never stop talking??
Well - you have our undivided love and attention - FOREVER.

Just remember
two important things:
1. We love and adore you!
2. If you go anywhere, you are taking that dumb cat with you!!

We admire you and know
you will be FABULOUS
at whatever you choose to do.
HUGS AND KISSES,
Mom, Dad and Morgan

Your success is guarenteed,

We're so very proud of you.

Jackie Cranfill

Jackie,

You are an old soul, and we have learned so much from you: integrity, dedication, perseverance, the importance of taking time to enjoy life and laugh alot. The moment you were born, we felt a love that was impossibly powerful at the time, and has somehow intensified day after day, year after year. We are so proud of you and know that you will be successful in college and in whatever else you do in the future.

Love you more,

Mom & Dad
